Honorable Sidney R. Yates
House of Representatives
Washington, D.C. 20515

Dear Congressman Yates:

The FBI offers certain cooperative services and assistance to local, state, and other Federal law enforcement agencies in many areas of police responsibility. One vital phase of such cooperation involves the dissemination and exchange of information on successful law enforcement programs and investigative operations. The FBI Law Enforcement Bulletin, a monthly publication, is an example of our efforts in this regard.

Enclosed are two advance copies of the June, 1975, issue of the Bulletin. I thought you might like to see the splendid article, beginning on page two, entitled "Planning: The Dynamics of Police Administration," by Messrs. Zurawski and Brooks, Research and Development Division, Police Department, Chicago, Illinois. Their report on this program will be of interest to other police officers throughout the country.

Sincerely yours,
